

Kirton Medical Centre

Statement of Intent - Patients & Information

There are new contractual requirements from 1 April 2014 for all NHS General Practices to offer and promote;

- Patient on-line access to appointments
- Patient on-line access to prescriptions
- Patient on-line access to certain parts of their medical record

The practice must also;

- Transfer relevant information to a patient's Summary Care Record (SCR)
- Transfer a patient's record electronically between practices when patients register or deregister (GP2GP)

The practice currently offers the following to patients;

- On-line access to repeat prescriptions (To gain access to this service please ask one of our reception team for more details)
- Transfers relevant information to a patient's Summary Care Record (SCR)
- Transfers patient's records electronically between practices when patients register or deregister (GP2GP)

By 31 March 2015 the practice intends to make available to all patients;

- On-line appointments
- On-line access to medical records

If you would like to provide any feedback to the practice, regarding any of the above items or would like any further information, please speak to a member of our reception team.
